OBJECTIVE

Dedicated Electronics and Communication Engineering (ECE) graduate with a strong foundation in computer science and a deep interest in AI, ML, and information systems. Eager to leverage academic knowledge and technical skills in a Master's program to contribute to advancements in computing and data science.

EDUCATION

University of Michigan

Expected Graduation April 2027

Master of Science in Artificial Intelligence

Cochin University of Science and Technology

Graduated August 2025

B.Tech in Electronics and Communication Engineering

- Relevant Courses: Quantum Computing, Object-Oriented Programming, Digital Image Processing
- GPA 3.4

SKILLS

- Programming Languages: Python, C, C++, MATLAB, Java
- Tools & Frameworks: OpenCV, Arduino, Raspberry Pi, React JS
- Technical Areas: Computer Vision, Embedded Systems, Digital Signal Processing, Machine Learning

LANGUAGES

- English and Malayalam– Full Professional Proficiency
- Hindi – Professional Working Proficiency

PROJECTS

Disaster Management System | 8/2024 – 3/2025

- Designing a multi-sensor IoT system to detect earthquakes, floods, and fires.
- Developing real-time data processing and alert mechanisms to support disaster prevention.

Facial Detection System | HashRaft Pvt Ltd | 03/2024

- Built a facial recognition system using Raspberry Pi and Pi Camera to identify individuals from a dataset.
- Integrated computer vision algorithms for real-time alerts on recognized faces.

EXPERIENCE

Intern – Defence Research and Development Organization (DRDO), NPOL | 6/2024 – 7/2024

- Developed monocular vision solutions integrating MATLAB and OpenCV, enhancing object recognition accuracy.
- Collaborated on defense projects involving computer vision and image processing applications.

High-End Workshop Participant – NIT Karnataka | 8/2024

- Gained hands-on experience applying AI/ML in energy conservation and storage technologies.
- Explored state-of-the-art AI applications in sustainability and resource management.

WORKSHOPS & CERTIFICATIONS

- Python-Based Stock Predictor Workshop – Devtown
- Web Development Workshop (CSS, HTML, React JS) – Devtown
- Quantum Computing Workshop – Google Developer Student Clubs

AFFILIATIONS & EXTRACURRICULARS

- Member, Google Developer Students Club 2024-Present
- Member, Tinkerhub 2022-Present
- Member, SpaceUp 2023-2025
- Participant, GDSC Workshops & SpaceUp 2023
